## **Math Challenge Problems for Elementary and Middle schools** Ardis Yang

No child is not gifted. It's a matter of nudging them in the right direction. This book is written for elementary and middle school students and parents who are interested in improving math problem solving skills. It contains 100 math problems that you can use to supplement school work, prepare for math contest, or just have fun with your family. Answers are provided for each problem. Full solutions are not provided because there are usually more than one way to solve a problem and it is much more beneficial not to be limited by one strategy. It does not take much work, two to four problems a week, and you will see a difference in a few months.
