Gun Camera World War II L. Douglas Keeney

The air war over occupied Europe and Nazi Germany is illustrated from the unique and dramatic point of view of gun cameras mounted on Allied aircraft. The story begins as American bombers fall prey to Nazi flak and fighters and continues through the recapture of European skies as seen from American P-51 Mustangs and P-47 Thunderbolts and British Spitfires. Also depicted are breathtaking images of ground strafings and crews coaxing crippled bombers into perilous belly landings.
