Frida Beckman

Between Desire and Pleasure: A Deleuzian Theory of Sexuality (Plateaus - New Directions in Deleuze Studies) Frida Beckman

Explores the political, cultural and conceptual significance of sexual pleasure through Deleuze's philosophy. How is sexual pleasure inscribed into conceptions of the body, gender, health and the human? What is its role in the construction of these notions? And, most importantly, how can it contribute to an expansion of what they mean? Intervening into fields including posthumanist, disability, animal and feminist studies, and current critiques of capitalism and consumerism, Frida Beckman addresses these questions to recover a theory of sexuality from Deleuze's work.
