## **Natural Healing for Horses: The Complete Guide to Preventative Health Care and Natural Remedies**

Jenny Morgan, Jan Agar Bergeron D.V.M.

More and more horse owners are turning to alternative therapies to enhance the health and well-being of their equine companions. Many believe - as Jenny Morgan does - that horses kept in a healthy, all-natural environment have fewer health problems. Thus, this essential reference for horse owners begins with preventive care. *Natural Healing for Horses* teaches how to know a horse thoroughly, from forelock to fetlock; understand a horse's moods and immediately recognize the slightest change in appearance or behavior; build a stabling system that has proper space, drainage, and safety; select the ideal pasture location; and develop affordable and natural routines for exercising, feeding, watering, and grooming horses kept in a stable or at pasture.

The second section of this book addresses specific health issues and suggested therapies, including herbal and homeopathic treatments, chiropractic, acupuncture, massage, and aromatherapy, as well as standard veterinary treatments.

Whatever the need, Morgan provides all the information necessary to choose the right natural treatment to improve a horse's general well-being or solve particular health problems.
