Chinese Foreign Policy: An Introduction

Marc Lanteigne

Chinese Foreign Policy: An Introduction Marc Lanteigne

This updated and expanded new edition of *Chinese Foreign Policy* examines the patterns of engagement with various domestic and international actors that have shaped Beijing's foreign policy since the Cold War. It explores a series of ongoing questions and trends, as well as offering an in-depth look at the key areas of China's modern global relations.

Bringing together the many different facets of China's foreign interests, the volume presents a comprehensive overview of the country's international affairs, covering such key issues as:

- the rise of globalisation, international financial uncertainty, and China's economic power
- the country's bilateral and multilateral approaches to international problem-solving
- China's engagement in various regional and international regimes
- modern strategic challenges, including terrorism and economic security
- the question of shifting American power
- Beijing's changing political, strategic and economic linkages with the developed and developing world.

Chinese Foreign Policy will be of great interest to upper-level students of Chinese international relations, Asian politics, comparative foreign policy and international relations, as well as professionals interested in China's changing place in the global system.
