Rockwell Karal Ann Marling, Thomas Rockwell, Jim Heimann

The real Americans: The simple charm of everyday life, once upon a time

Since his work is categorized as illustration and was most famously featured on the cover of the Saturday Evening Post, fine art critics were slow to acknowledge the importance of Norman Rockwell (1894-1978) as true artist, though his work was enormously popular during his lifetime and has endured as a crucial element in America's perception of itself in the 20th century. Through the Roaring Twenties, the Great Depression, World War II, the 1950s and 60s, Rockwell illustrations were a part of daily life, showing, as he once said, "the America I knew and observed to others who might not have noticed."

About the Series:

Each book in TASCHEN's Basic Art series features:

- a detailed chronological summary of the life and oeuvre of the artist, covering his or her cultural and historical importance
- a concise biography
- approximately 100 illustrations with explanatory captions

From reader reviews:

Cary Barrett:

This Rockwell book is not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is definitely information inside this e-book incredible fresh, you will get details which is getting deeper you read a lot of information you will get. This kind of Rockwell without we comprehend teach the one who looking at it become critical in considering and analyzing. Don't be worry Rockwell can bring once you are and not make your case space or bookshelves' turn into full because you can have it in your lovely laptop even cellphone. This Rockwell having great arrangement in word as well as layout, so you will not truly feel uninterested in reading.

Grace Seals:

Rockwell can be one of your beginning books that are good idea. We recommend that straight away because this publication has good vocabulary that could increase your knowledge in vocabulary, easy to understand, bit entertaining but still delivering the information. The author giving his/her effort to set every word into enjoyment arrangement in writing Rockwell although doesn't forget the main place, giving the reader the hottest and also based confirm resource info that maybe you can be certainly one of it. This great information could drawn you into fresh stage of crucial thinking.

Hannah Norton:

Are you kind of occupied person, only have 10 as well as 15 minute in your time to upgrading your mind skill or thinking skill even analytical thinking? Then you are receiving problem with the book as compared to can satisfy your limited time to read it because pretty much everything time you only find e-book that need more time to be learn. Rockwell can be your answer given it can be read by you who have those short free time problems.

Kelley Hardy:

That publication can make you to feel relax. This book Rockwell was colourful and of course has pictures around. As we know that book Rockwell has many kinds or genre. Start from kids until young adults. For example Naruto or Private eye Conan you can read and feel that you are the character on there. Therefore , not at all of book tend to be make you bored, any it offers you feel happy, fun and relax. Try to choose the best book for yourself and try to like reading in which.
