Silos, Politics and Turf Wars: A Leadership Fable About Destroying the Barriers That Turn Colleagues Into Competitors Patrick Lencioni

In yet another page-turner, *New York Times* best-selling author and acclaimed management expert Patrick Lencioni addresses the costly and maddening issue of silos, the barriers that create organizational politics. Silos devastate organizations, kill productivity, push good people out the door, and jeopardize the achievement of corporate goals.

As with his other books, Lencioni writes *Silos, Politics, and Turf Wars* as a fictional—but eerily realistic—story. The story is about Jude Cousins, an eager young management consultant struggling to launch his practice by solving one of the more universal and frustrating problems faced by his clients. Through trial and error, he develops a simple yet ground-breaking approach for helping them transform confusion and infighting into clarity and alignment.
