Shadow of Eden Louis Kirby

Amazon bestselling Medical and Political Thriller

'Shadow of Eden is an irresistible thriller that exposes the frightening power of the drug industry against a tense race to save lives. Read it before you take your next prescription!' DIRK CUSSLER, author of the DIRK PITT SERIES

A call for a physician on board a 747 awakens Dr. Steve James. He is ushered into the cockpit where he finds an unconscious copilot and a delusional captain. Moments later, he is the only conscious person in the cockpit as it plunges headlong toward Washington DC...

Secretary of State Linda Strahorn and President Robert Dixon watch in horror as China's army ruthlessly kills 30,000 peaceful worshippers in Hong Kong, broadcast by a sole, but ill fated TV camera crew.

Dr. James is confronted by the puzzling and relentlessly progressive brain illness of the 747 Captain and a young woman, an illness that may be the forerunner to thousands more getting the invariably fatal illness.

The Secretary of State and the White House Staff become alarmed as President Dixon becomes increasingly erratic in his management of the escalating military confrontation with China.

With his deep medical experience and his highly placed political and military informants, Kirby delivers a smart, devastatingly intense, and jaw-droppingly realistic medical and political thriller that will keep you on the edge of your seat until the last riveting page.

More Praise for Shadow of Eden:

"Smart and exciting like a thriller should be. Gripping from page one, Shadow of Eden is that perfect blend of Michael Crichton science and David Baldacci politics that keeps you up late at night compulsively turning to that next page."

—William Gartner author of BIOTOXIN.
