This guide contains 60 common Spanish verbs conjugated in Past, Present, Future, Gerund (words ending in -ing) and Past Participle (words commonly ending in -ed). Each verb is listed alphabetically and conjugated on its own page for easy reference.

After living in Latin America for 12 years the author has created a guide of the verbs he uses most in day to day life. He takes the guide with him to meetings, dates, and other gatherings. This enables him to use the correct form of the verb and sound more professional instead of speaking like a gringo who can only talk at a kindergarten level.

The guide is also a handy quick reference when writing letters and emails. Using the correct tense makes the recipients take you more seriously. It is a wonderful reference to use to eventually learn to speak on your own without the use of a guide.
