## **Embrace the Heat (Moon Virus Book 2) Cassandra Lawson**

On her seventh birthday Layla's mother mysteriously disappeared. Raised by a wood nymph in one of the few remaining human settlements, Layla learned to fight from an early age. She also learned to distrust the vampires who rule most of the land. When a vampire saves her life, Layla finds herself more than a little drawn to him, even knowing he could never give his heart to a human.

The trauma of his childhood left Simon weary and distrustful of all humans, until the day he saved Layla's life. After seeing the spirited human fighting like a seasoned warrior, Simon can't help but respect and admire her. He soon learns that Layla is much more than he ever imagined, and he finds it hard to stay away from her. Despite the depths of his feelings, Simon knows there can be no future for them.

Both of their worlds are turned upside down as Layla nears her twenty-seventh birthday. Suddenly the male vampires are inexplicably drawn to her, and Simon is no exception. As they unravel the mystery of Layla's heritage, an enemy from their past resurfaces and threatens to destroy Simon and all that he cares for.

No cliffhangers. While this book is part of a series, it can be read as a standalone novel.

\*\*\*This book contains a graphic scene involving physical and psychological abuse which may be disturbing to some readers.
