Stephen Crane (1871-1900) was an American author. Prolific throughout his short life, he wrote notable works in the Realist tradition as well as early examples of American Naturalism and Impressionism. He is recognized by modern critics as one of the most innovative writers of his generation.

*Maggie: A Girl of the Streets* was first published in 1893 under the pen name Johnston Smith. The story centers on Maggie, a young girl from the Bowery who is driven to unfortunate circumstances by poverty and solitude. The work was considered risqué by publishers because of its literary realism and strong themes.

"*The Red Badge of Courage*" is a war novel. Taking place during the American Civil War, the story is about a young private of the Union Army, Henry Fleming, who flees from the field of battle. Overcome with shame, he longs for a wound, a "red badge of courage," to counteract his cowardice. When his regiment once again faces the enemy, Henry acts as standard-bearer.

Although Crane was born after the war, and had not at the time experienced battle first-hand, the novel is known for its realism.

The novel is known for its distinctive style, which includes realistic battle sequences as well as the repeated use of color imagery, and ironic tone. Separating itself from a traditional war narrative, Crane's story reflects the inner experience of its protagonist (a soldier fleeing from combat) rather than the external world around him. Several of the themes that the story explores are maturation, heroism, cowardice, and the indifference of nature. "*The Red Badge of Courage*" garnered widespread acclaim shortly after its publication, making Crane an instant celebrity at the age of twenty-four. Adapted several times for the screen, the novel became a bestseller. It is Crane's most important work and a major American text.

"*The Open Boat*" is a short story first published in 1897. It was based on Crane's experience of surviving a shipwreck off the coast of Florida earlier that year while traveling to Cuba to work as a newspaper correspondent. Crane was stranded at sea for thirty hours when his ship, the SS *Commodore*, sank after hitting a sandbar. He and three other men were forced to navigate their way to shore in a small boat; one of the men, an oiler named Billie Higgins, drowned after the boat overturned.

Praised for its innovation by contemporary critics, the story is considered an exemplary work of literary Naturalism, and is one of the most frequently discussed works in Crane's canon. It is notable for its use of imagery, irony, symbolism, and the exploration of such themes as survival, solidarity, and the conflict between man and nature.

These enthralling stories are must-read of classic literature and will delight readers of all ages.
