The book is divided into chapters focusing on composition, color, theme, construction and inspiration. Instructions are clear but concise, making room for large pictures and multiple variations. It has the look of a designer's notebook with sketches and templates that show different card formats. Unlike other cardmaking books available that are occasion driven or aren't stylized, *The Cardmaker's Workbook* provides an inspiring and hands-on tool for paper addicts to use to expand their skills and stretch their imagination.

The designs cover many different styles, from detailed multi-layered beauties to simple cards that can be quickly made and given as a set of stationery.
