## Short Guide to Writing about Biology, A, Plus MyWritingLab without Pearson eText -- Access Card Package (9th Edition) Jan A. Pechenik

**NOTE:** Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab

& Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab &

Mastering products, you may also need a Course ID, which your instructor will provide.

### Used books, rentals, and purchases made outside of Pearson

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not

be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase

*For courses in Writing Across the Curriculum or Writing About Biology.*

*This package includes MyWritingLab™.*

### Developing the tools to effectively write about biology

Teaching biology and strong writing skills simultaneously is a challenge, especially when students exhibit a range of abilities. The **Ninth Edition** of *A Short Guide to Writing about Biology* provides tools to strengthen student writing and reinforce critical thinking.

Written by a prominent biologist, this best-selling guide teaches students to express ideas clearly and concisely. It emphasizes writing as a way of examining, evaluating, and refining ideas: students learn to read critically, study, evaluate and report data, and communicate with clarity.

Using a narrative style, the text is its own example of good analytical writing. In this new edition, students learn how to avoid plagiarism (Ch 1 and 3), read and interpret data (Ch 3, 4 and 9), prepare effective Materials and Methods sections in research reports and more (Ch 9), and prepare manuscripts for submission (Ch 9). The text also provides advice on locating useful sources (Ch 2), maintaining laboratory and field notebooks (Ch 9), communicating with different audiences (Ch 6 and 10), and crafting research proposals (Ch 10), poster presentations (Ch 11), and letters of application (Ch 12).

### Personalize Learning with MyWritingLab™

MyWritingLab is an online homework, tutorial, and assessment program that provides engaging experiences for teaching and learning. Flexible and easily customizable, MyWritingLab helps improve students' writing through context-based learning. Whether through self-study or instructor-led learning, MyWritingLab supports and complements course work.
