Lewis Carroll's Alice's Adventures in Wonderland: With Artwork by Yayoi Kusama Lewis Carroll
Since childhood, Kusama has been afflicted with a condition that makes her see spots, which means she sees the world in a surreal, almost hallucinogenic way that sits very well with the Wonderland of Alice. She is fascinated by childhood and the way adults have the ability, at their most creative, to see things the way children do, a central concern of the Alice books. The classic book is color illustrated with a clothbound jacket, and produced to very high specification. Kusama's images are interspersed throughout the text. Produced in collaboration with the Kusama Studio, Tokyo and Gagosian Gallery.
