"National Public Radio's 1981 adaptation of Star Wars was one of the most successful presentations in the history of radio -- and a very tough act to follow. Nevertheless, two years later, the members of the Star Wars production team eagerly returned to create a radio version of The Empire Strikes Back. Like its predecessor, this electrifying drama boasts an outstanding cast (including Mark Hamill as Luke Skywalker, Anthony Daniels as C-3PO, Billy Dee Williams as Lando Calrissian, and John Lithgow as Yoda); a greatly expanded script with many scenes not found in the movie; and audio engineering of unparalleled excellence. The Empire Strikes Back takes you once more into a galaxy of pure sound and limitless imagination for an adventure you'll never forget."
