The Magic Path of Intuition Florence Scovel Shinn, Richard Dotts

*** Contains full, unabridged text from the 1936 edition in an easy-to-read Kindle Format. Along with a modern step-by-step guide to effective prosperity manifestations and demonstrations in today's world.

“This book spoke to me and moved me,” writes Richard Dotts in his Introduction to Florence Scovel Shinn's lost work from 1936. While this book may be seen by some as a rehash of Shinn's more influential works, it “packs so much punch in a small package”.

One challenge that readers have when reading the great spiritual classics is how to effectively integrate them into their daily lives. One may read a book like this, and while admitting it is a fine work, set it down and never to pick it up again. Some may consider the methods too archaic and simplistic. The great spiritual truths contained within are hence lost on the reader forever.

In this first hybrid edition of “The Magic Path of Intuition”, Richard Dotts offers an illuminating look at the principles and essence behind the teachings of Florence Scovel Shinn. More than 78 years after the original work was written, Dotts draws on modern Science and spiritual teachings that not only validates the truth of what Shinn has written more than half a century ago, but also explains to the reader how to implement concrete steps to manifest abundance and prosperity in their own daily lives.

The first part of the book contains the full, unabridged version as written by Shinn from the 1936 edition. The second part of this book contains Dotts' additional explanations and modern approach, juxtaposed against the original writing. The original writing is left intact for readers to soak up its message and ponder the lessons within. It is recommended that you read this book twice - First, read the original version and let your mind soak up its message. Second, read the modern practical guide along with the original, so as to really understand the essence of what the author was trying to convey. This is a book to be read and reread, over and over again!

If you have always read classic spiritual texts and found their writing too archaic, or their approach too abstract, then this hybrid edition will clarify and makes things clear for you.

Richard Dotts draws on his own experience as he worked with these principles in his own life, and candidly points out the pitfalls that he fell into. He extends Shinn's success stories with anecdotes and stories of his own, showing that these principles are truly timeless and just as applicable in today's world.
