"This book is a must for any therapist working with kids. Naturally, it focuses on the approach of Traumatic Incident Reduction, but there is a lot of excellent material that will be useful even to the therapist who has never before heard of TIR and may not be particularly interested in learning about it. The general approach is respectful of clients, based on a great deal of personal experience by contributors as well as on the now extensive research base supporting TIR, and fits the more general research evidence on what works". -Robert Rich, PhD

Book #2 in the *TIR Applications Series*. Series Editor: Robert Rich, PhD
