## Sociological Re-Imaginations in & of Universities

This Summer 2009 (VII, 3) issue of Human Architecture: Journal of the Sociology of Self-Knowledge, is devoted to the theme "Sociological Re-Imaginations in & of Universities." As part of the journal's continuing series critically engaging with C. Wright Mills' "sociological imagination," i.e., the proposition that the best way to theorize and practice sociology is via a continual conversation between the study of one's personal troubles and that of broader public issues, the present issue turns its attention to fostering sociological re-imaginings in and of universities. Several faculty, recent graduates or alumni, and current undergraduate students advance insightful, critical perspectives about their own learning and teaching experiences and personal "troubles," and broader university, disciplinary, and administrative "public issues" that in their view merit immediate attention in favor of fundamental rectifications of outdated procedures and educational habits that continue to persist at the cost of more creative, and in fact more scientific and rational, approaches to production and dissemination of knowledge. Contributors include: Satoshi Ikeda, Sandra J. Song, L. Lynda Harling Stalker, Jason Pridmore, Festus Ikeotuonye, Samuel Zalanga, Donald A. Nielsen, Anne Bubriski, Penelope Roode, Belle Summer, E. M. Walsh, Ann Marie Moler, Minxing Zheng, Andrew Messing, Jillian Pelletier, Christine Quinn, Trevor Doherty, Lisa Kemmerer, and Mohammad H. Tamdgidi (also as journal editor-in-chief). Human Architecture: Journal of the Sociology of Self-Knowledge is a publication of OKCIR: The Omar Khayyam Center for Integrative Research in Utopia, Mysticism, and Science (Utopystics). For more information about OKCIR and other issues in its journal's Edited Collection as well as Monograph and Translation series visit OKCIR's homepage.
