The Black Swan: Second Edition: The Impact of the Highly Improbable: With a new section: "On Robustness and Fragility" (Incerto) Nassim Nicholas Taleb

A black swan is an event, positive or negative, that is deemed improbable yet causes massive consequences. In this groundbreaking and prophetic book, Taleb shows in a playful way that Black Swan events explain almost everything about our world, and yet we—especially the experts—are blind to them. In this second edition, Taleb has added a new essay, *On Robustness and Fragility*, which offers tools to navigate and exploit a Black Swan world.
