The Modern Delusion: In Two Volumes Bernd J Amann

The Modern Delusion reveals the religious history of evolution:

From primitive Stone Age superstitions to barbaric Bronze Age revelations, from esoteric mystics to occult scientists. And equally religious minds turned evolution into a respectable science.

But evolutionary science is not the only modern belief with hidden religious roots. Other modern staples are of similar religious origin, religious essence, and religious function.

Secular modernity, as Amann shows, is a cultural delusion of stupendous proportion.
