Understanding by Design

Grant Wiggins, Jan McTighe, Jay McTighe

Understanding by Design Grant Wiggins, Jan McTighe, Jay McTighe

What is understanding and how does it differ from knowing? What do we want students to understand and be able to do? What enduring knowledge is worth understanding? How will we know that students truly understand and can apply knowledge in a meaningful way? How can we design our courses and units to emphasize understanding and "uncoverage" rather than "coverage"? Understanding by Design explores these questions and provides practical solutions for the teacher-designer.

The book opens by analyzing the logic of backward design as an alternative to coverage and activity-oriented plans. Though backward from habit, this approach brings more focus and coherence to instruction.

Authors Wiggins and McTighe propose a multifaceted approach, with the six "facets" of understanding. The facets combine with backward design to provide a powerful, practical framework for designing curriculum, assessment, and instruction.

Beyond its theories, Understanding by Design offers practical design tools, including criteria for selecting "big ideas" worthy of deep understanding, strategies for framing units of study around essential questions, a continuum of assessment methods for determining the degree to which students understand, and the WHERE framework, which enhances student engagement and "rethinking." The book concludes with a unit design template and standards to support quality control at the local level.

Understanding by Design will help educators enhance their understanding of understanding, so that the curriculum and assessments they design truly focus on enhancing the understanding of their students.

From reader reviews:

Gayle Skinner:

What do you regarding book? It is not important along? Or just adding material when you want something to explain what yours problem? How about your extra time? Or are you busy individual? If you don't have spare time to complete others business, it is make you feel bored faster. And you have free time? What did you do? All people has many questions above. They should answer that question since just their can do in which. It said that about reserve. Book is familiar in each person. Yes, it is appropriate. Because start from on jardín de infancia until university need this specific Understanding by Design to read.

Donald Link:

As people who live in typically the modest era should be up-date about what going on or information even knowledge to make them keep up with the era which is always change and advance. Some of you maybe will certainly update themselves by reading through books. It is a good choice in your case but the problems coming to you is you don't know which one you should start with. This Understanding by Design is our recommendation to make you keep up with the world. Why, as this book serves what you want and want in this era.

Helen Tate:

People live in this new morning of lifestyle always attempt to and must have the free time or they will get lot of stress from both everyday life and work. So , when we ask do people have extra time, we will say absolutely without a doubt. People is human not really a huge robot. Then we ask again, what kind of activity have you got when the spare time coming to anyone of course your answer will probably unlimited right. Then do you try this one, reading books. It can be your alternative inside spending your spare time, often the book you have read will be Understanding by Design.

Johnny Abel:

Some people said that they feel bored stiff when they reading a book. They are directly felt this when they get a half regions of the book. You can choose often the book Understanding by Design to make your personal reading is interesting. Your skill of reading expertise is developing when you just like reading. Try to choose straightforward book to make you enjoy you just read it and mingle the impression about book and reading through especially. It is to be 1st opinion for you to like to start a book and go through it. Beside that the book Understanding by Design can to be a newly purchased friend when you're feel alone and confuse in doing what must you're doing of this time.
