Young people today, many of whom grew up in painfully dysfunctional homes, are waiting longer to get married, often out of fear of choosing the wrong partner. They want desperately to get it right the first time. Now singles can find help and hope in an excellent guide to relationships that will work and those that won't. Dr. H Norman Wright provides simple, practical guidelines for identifying partners with positive potential for a loving, long-term relationship. Just as important, Wright shows how to avoid wasting time, money and emotional energy on hopeless relationships with incurable negatives.
